

Cox Interior MDF Door Warranty

What this warranty covers. Cox Interior warrants to the original buyer of a MDF Door specifically the product shall:

1. Comply with Cox Interior's standards pertaining to Measurements, Tolerances, and Warp.
2. Be free from defects in materials and workmanship, including delamination.

Warranty Exclusions

1. Any product that is over three feet six inches (3'6") in width and/or eight feet (8'0") in height
2. Warp not exceeding 1/4" in the plane of the door itself for doors three feet in width (3'0") x seven feet in height (7'0") or smaller. For doors larger than three feet in width (3'0") x seven feet in height (7'0"), warp not exceeding 3/8" in the plane of the door itself.
3. Door failure due to improper installation.
4. Slight expansion due to differing environmental conditions.
5. Damage caused by improper handling or on-site storage. Storage damage includes moisture in doors due to humidity or other conditions.
6. Damage caused by sunlight, water, or extremes of heat and/or humidity.
7. Damage caused by failing to seal all six (6) sides of the product. All edges must be sealed immediately after fitting and hanging with the integrity of the finish maintained.
8. Any Cox Interior MDF door older than 12 months of date purchased.
9. If the claimed nonconformity is warp, Cox Interior may defer repairing or replacing the product for a period of up to twelve (12) months from the latter of the date of claim or the date of installation, as it is not uncommon for a temporary warp condition to occur as the door adjusts to local weather conditions. This deferral will not be counted against the warranty period.

DO NOT LEAN COX INTERIOR MDF DOOR AGAINST ANY STRUCTURE UNLESS DOOR IS IN A PREHUNG JAMB

Doors must be stored flat with a minimum of three supports under a 6'8" door and four supports under a 7'0" or 8'0" door. This applies to shipping, warehouse, storage, and job site. If a door warps, it usually can be corrected by laying the door on 3 or 4 equally spaced supports with the bowed side up for 24 - 48 hours.

**Cox Interior will repair or replace a MDF Door in the same manner as it was originally ordered from us. The door in question must meet our warranty agreements.*
